We positively welcome new talent and try very hard to create a positive and encouraging environment for everyone. Planet Angel has grown steadily over the years - particularly the parties. Because of the high number of demo's received and our commitment to encouraging as many new DJ's and Musicians as possible, please note the following points:

*** To save your time and ours - demos will only be accepted if accompanied by this form.**

*** We can only accept demos by post, as above.**

*** Please don't send in a "sampler" demo. We can only accept demos specifically made for us as explained in the Music Policy.**

*** Due to time limitations and fairness to all potential contributors, we can only accept one demo from potential contributors every 6 months**

We look forward to hearing from you.
